OAXACA

In front of the beautiful Pla de Palau square, at the heart of the El Born district, OAXACA Cuina Mexicana offers a unique gate to the most authentic Mexican cuisine.

OUR CUISINE

OAXACA nourishes from the essence, mysticism and tradition with the uttermost respect for the products from Mexican grounds. This is an evolved traditional cuisine which preserves very antique culinary processes and techniques for cooking sauces and dishes, but still allows to blend in contemporary and avant-garde techniques. Attached to the restaurant is the Mezcalería, a space dedicated to this authentic Mexican drink.
